

Realizzato in Trevira CS, è caratterizzato da una trama strutturata ed elegante. Antares unisce sicurezza certificata ai massimi standard internazionali a una mano consistente e a un'elevata resistenza all'usura. È il tessuto pensato per progetti contract e ufficio dove non si accettano compromessi tra performance tecnica, durata nel tempo e resa estetica.

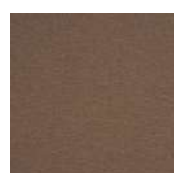

*Antares is the brightest star in the Scorpius constellation, and this collection fully embodies its distinctive character. Made from Trevira CS, it features a structured and elegant weave. Antares combines certified safety to the highest international standards with a rich hand and outstanding resistance to wear. It is the ideal fabric for contract and office projects where no compromises are accepted between technical performance, long-lasting durability, and aesthetic appeal.*
